Y. Johnston, will sustain the character of 'Lago.' If the other characters are as well selected, (and we have no doubt they will be,) this cast will be one of the best which we have had durring the season,

In addition to this, Mrs. Ward will deliver a Firemen's Address in the uniform of one of the Fire Companies of this city. With such attraction, the Theater should be crowded, and we have little doubt of its being well filled.

Music -The next session of the "Nashville Academy of Music," commences on the first Monday in next month. This Institution has been linerally sustained heretofore, as it deserved to be; and we doubt not an increase of patronage will be bestowed upon it this year.

It will be seen, by reference to our advertising columns, that pupils who may wish to pursue their literary studies, in immediate connection with their music, can avail themselves of the school taught by Mrs. Fellowes and Miss Scholes in the same building, No. 24 Vine street. These ladies have a quired considerable reputation as teachers.

PRIVATE BOARDING .- By reference to the card of Mrs. Nannie Loomis it will be seen she is prepared to accommodate two or three families with board; also a few day boarders can be accommodated. Persons will flud Mrs. L. a lady of superior attsinments, and well calculated to render all pleasaut and agreeable.

INSURANCE COMPANIES -As the period comes round, we find that old and healthy company, the Erna, of Hartford, laying before its patrons and the public a full statement of its affairs, so that any one seeking protection for his property against the elements can do so with the most confirent security. The assets of the Company, and they are of the first class, amounted on the 1st instant to over \$1,300,000.

The Hartford Fire Insurance Company, chartered In 1810, is another first class company, having on the 1st last overhalf a million dollars in good solid Foreign and Domestic funds. We call attention to the statement of these institutions elsewhere in our paper of this morning. Mr. Nash, the agent of these companies, continues to receive applications for risks, and issue policies, his office No. 25, College Street, opposite the

and native wine depot of our friend T. A. M'Call, has been removed to No. 25 College street, opposite the Sewance House, where he will be pleased to wait on his former and all new customers. Safety THE WEATHER.-The weather continues cold

No member of the Nashville theatrical corps is more deserving, and we are pleased to see such a movement on the part of the community. BARBERS - RE-OPENED .- Of the importance of barbers as a class of community, many of our citizens have been made duly sensible since the late descent of the city Police on quite a number of the knights of the razor. Complaints have been loud and deep from some quarters, and, it would seem, not without some cause. How many 'knowledges boxes' which, ere the past week, vied with the raven's plumage, have assumed a salt and-pepper line or become as grey as a rat? How many of our friends who had all along prided themselves upon their hirsute adornments - with many a tassinating wave of bair that reflected the amorous sunbeams, and gush of locks that dallied with the arphyre, scented with ambrosial odors-raddenly found their heads and faces typical of a briar bush, with hair standing six ways for Sunday. The velvety cherk, the seducive whisker, the killing moustache disappeared in a chaos of kinks and knots, and the Don Juan of the parlor was transformed luto animal which wight well have been taken for next of kin to the "frettal porcupine." DAILY PATRIOF OFFICE, The last week has been one of unusual activity in all on all good produce bills having 30 to 90 days to mature. We notice a good deal of local paper in the streets, such

departments of trade; parties have been operating largely MISSOURL ... in all kinds of provisions and produce, in consequence | GEORGIA of which there has been a large demand on the Banks for money, and we believe the demand has been fully met, as is not strictly bankable, and a good portion of it not very desirable in Bank, which is taken at 1 per cent. to 2 per cent. per month. Exchange is extremely scarce, with a heavy demand. Our Banks are checking upon the North at 1 to 1 per cent .- on New Orleans at 1 to 134 per cent., and scarce. Land Warrants are unsettled, with a downward ten-

dency. We quote them from 80 to 85c. per acre. Stock, nothing doing. We have not heard of a transaction worthy of note. We expect the next ten days will produce quite a change in the views of produce operators in consequence of the suspension of Navigation by the freezing over of the River.

Commercial. The excessive cold weather which has prevalled during is exceedingly dull. We have but few changes, however, well sustained, with a slight advance in a few articles. Corron.-The offerings for the week were light, owing chiefly to the weather, and in some degree to a depression in the market occasioned by a temporary heaviness in New Orleans. Confidence has nearly been restored, however; and there was considerable Cotton in the market yesterday which was readily taken at 9,812c.

Tonacco.-Nothing doing. We hear of a few hide. which have gome forward and are awaiting shipment for New Orleans, having been purchased in the country by parties from that city; but at what figures we were unable to ascertain, GROURIUS.-Sugars and Molasses remain unchanged.
